ARES53COUPE

ARES53 COUPE - MAIN CHARACTERISTICS

| | | | |
|---------------------|--------------------------|----------------------|----------|
| Lenght Overall | 16.20 m | Range | 250+ nm |
| Lenght at Waterline | 12.40 m | Fuel Capacity | 2,000 lt |
| Beam Overall | 4.30 m | Fresh Water Capacity | 400 lt |
| Displacement | 18.50 tons | Grey Water Capacity | 140 lt |
| Draft | 1.00 m | Black Water Capacity | 140 lt |
| Design Category | CE Category B / Offshore | | |

Propulsion Option 1

| | |
|---------------------|--|
| Main Engines | Twin Volvo Penta D11-670 Hp Common Rail Diesel |
| Drives | Conventional Shafts with 4-Blade Propellers |
| Steering | Electro-Hydraulic Power Assisted Pump System |
| Speed | 35 Knots |

Propulsion Option 2

| | |
|---------------------|--|
| Main Engines | Twin Volvo Penta D9-575 Hp Common Rail Diesel |
| Drives | Surface Piercing System with 5-Blade Propellers |
| Steering | Electro-Hydraulic / Trimable Surface Piercing System |
| Speed | 37 Knots |

Construction FRP Composites – E-Glass sandwiched with PVC, vacuum assisted lamination with vinylester.

Paint System PU and metallic paint solutions.
High-performance anti-fouling below waterline.

General

Stainless steel railings around the sides and bow deck. Burma teak decks. Powerful windlass system with 60m chain and stainless steel anchor. Windlass is remote controlled on the helm station as well as chain locker. Fresh water connection in chain locker with extension hose and nozzle for deck washing. Powerful bowthruster. Large sunpad on the bowdeck with high quality, UV resistant upholstery. Galline windshield wipers. Tinted and laminated windows. Stainless steel sliding salon door. Aftdeck shower with cold/hot mixer. Electrohydraulic aft platform lift (600kg lifting capacity). Stainless steel swim ladder, hidden in platform. Large locker inside the platform, good for fenders, rope, water toys. LED lights throughout the sideways and aft deck. Crew cabin with individual air conditioning system and shower/WC. Large aftdeck seating group with dining table (adjustable). High quality, UV resistant upholstery on aft deck seatings. Powerful bowthruster, remote controlled from the helm station. Underwater lights. Large seating and dining group in salon with foldable table. A mini office, large and functional helm station (all in genuine leather upholstery). Adjustable-angle steering wheel. Large and perfectly visible dashboard, complete with engine displays, navigational displays and switches. Safebox in master cabin. Complete WEBASTO air conditioning solution in cabins and salon (individually commanded). Crew/maid calling system in master cabin. Complete heat/noise insulation solutions on cabin dividers and ceilings. High-quality hatch and portholes in cabins. Electric-massager toilets with built-in wash system. Teak WC/Shower floors. Portholes and air-extractors in toilets. Hot and cold water in WC/showers, galley and aftdeck wetbar. Watermaker, automatic water heater. Cummins ONAN power generator (11kW). Top quality electric solutions and wiring systems. Shore supply with extension, battery charger, inverter systems. Top quality battery groups for start, service and bowthruster. Aftdeck tent. Life saving appliances and fire fighting equipment.

Navigation & Communication Aids

Radar, GPS, Chart Plotter, Deep sounder, VHF, Autopilot. Horn, remote controlled searchlight. Full set of navigation lights.

Entertainment
